**Do you offer a free consultation for new clients?**

“Yes, all initial consultations are complimentary.”

**Tell us something unique about your business.**

“We retain three certified estate planning specialists, as certified by the California Board of Legal Specialization of the State Bar.”

**Give us a great piece of advice on how we can protect ourselves and our families.**

“The short answer is to have a well-constructed estate plan in place. This ensures that you and your loved ones are properly taken care of while you are alive and after your passing. It is very important to have the appropriate documents in place, in order for your wishes to be met concerning medical and financial matters. Decisions about your health and property should be made by you—not the courts. That is what a proper estate plan can provide you with.”

**What’s most rewarding about your work?**

“The satisfaction of knowing that I have

helped someone and their family through a difficult time and provided support in what can be their most crucial time of need. I enjoy constantly learning and developing strategies to further the ability for my firm to help our clients. I enjoy working with other professionals within and outside our firm and the camaraderie that comes with it as we pursue mutual goals.”

“**DECISIONS ABOUT YOUR HEALTH AND PROPERTY** should be made by you—not the courts.”

**Tell us about your family.**

“I have a beautiful wife and two children. I cherish the time I spend with them. My wife, Kamila, is a marriage and family therapist who has spent her career helping others manage the most difficult of circumstances—something I greatly admire her for. She is a wonderful mother to our two children, Charles, 6, and Emily, 7.”
